

National Funding Councils (NFC)
1990-2006

National Federation/Agency Alliance
(The Alliance)
2007-onward

Primarily an allocations process

Allocations plus agency relations, synergy & collaboration between agencies and federations

No priorities

External & internal prioritization with partial funding of priorities

UJC role was exclusively administrative

Major UJC roles on federation-agency relations, client services & trouble shooting

Rote & time intensive allocations

Streamlined allocations process

Limited leadership opportunities

Inclusive & high level leadership structure

Independence from UJC

Integrated into UJC with representation on UJC Executive Committee

Decreasing number of participating communities & diminishing funding pool

New campaign to increase participating communities, funding pool & access to federal funds

Limited visibility for national agencies

Enhanced opportunities for national agencies to be visible & relevant to federations
